# DEAR FRIENDS & SUPPORTERS,

I'm proud to share Stronger Together, our 2024–2025 Year in Action Impact Report, which highlights our continued growth and commitment to the expanded learning community and LA's youth. Now in our third year, ExpandLA has shifted from launch to lasting momentum—solidifying our foundation, deepening our reach, and advancing meaningful impact across Los Angeles County.

Together, we've developed a community-informed Quality and Impact Framework, launched a cross-sector Workforce Development Initiative, and expanded our coalition to more than 500 organizations—all united in a shared vision: equitable, high-quality expanded learning opportunities for every young person, in every neighborhood.

This year also reminded us of the vital role expanded learning programs play during times of crisis. From wildfire recovery efforts to community responses during ICE raids, our partners mobilized with urgency and care—distributing resources, offering safe spaces, and showing up for youth and families when it mattered most. The sector has proven, time and again, that it is not only a cornerstone of youth development, but also of community resilience.

Looking ahead, our focus is on building lasting systems change. In the coming year, we will:

- Activate and grow the Expanded Learning Advocacy Alliance to advance policy and funding equity;
- Launch additional Youth Hubs to support youth voice and leadership in under-resourced areas; and
- Deepen collaboration across sectors to secure sustainable public funding and expand access to quality programs.

Thank you to every coalition member, youth leader, funder, and community partner who powers this movement. Your continued commitment fuels our momentum and deepens our collective impact. As we build on this foundation, we remain focused, united, and more determined than ever. The work is far from over—and the path ahead is full of promise.

In solidarity,

Lou Calanche,
Executive Director

### FROM OUR COALITION

We love building connections with other communitybased organizations and love to see more spaces being youth led... My experience working with ExpandLA has been great.

**Cinthia Alvarado**, Youth Diversion and Development Program Manager, Asian Youth Center

We're all so busy keeping our lights on and doors open! The fact that we've got a group like ExpandLA-that's doing advocacy, connecting us to resources, and putting us all together into a common voice—is fantastic!

Seth Eklund, Executive Director, Bresee Foundation

Being able to share ideas is something that I was really excited about... I'm looking forward to getting to know more and more members of ExpandLA and to helping each other get to the levels that we're trying to get to.

**Jesse Moore**, Deputy Director, The Urban Scholar Academy

The work you all do in collaboration with the efforts from organizations involved is really inspiring... Thanks so much, and keep up the amazing work.

**Jacob Ockwood**, Director of Marketing and Sales, Parker-Anderson Enrichment

### **VISION**

The Expanded Learning Alliance (ExpandLA) is a countywide effort to create an equitable system of access for children and youth in the LA area by reimagining where and when joyful learning happens by making the most of the time youth have beyond the school day.

### **MISSION**

ExpandLA is a countywide intermediary organization that supports, connects, and advocates for expanded learning opportunities that provide equitable access for all children and youth in the LA area. By working collaboratively with schooland community-based organizations, we will build systems, pathways, and processes that strengthen the field to nurture a young person's natural curiosity, empower their self-development, and cultivate the value they bring to making the world a better place.

### **EXPANDLA'S 3 KEY ROLES**

### SUPPORT

We equip expanded learning providers with resources, knowledge, and capacity building to strengthen programs that yield positive outcomes for youth.

### CONNECT

We build systems and provider capacity to create a strong collaborative network of program providers and to effectively connect families and youth to expanded learning programs.

### **ADVOCATE**

We represent the collective voice of program providers and will strengthen advocacy efforts of the expanded learning sector to address gaps in the field, ensure equitable access to funding, and ignite widespread support for expanded learning.

### STRATEGIC GOALS

### 1. Data & Impact

In partnership with providers, develop criteria and shared understanding for a "gold standard" high-quality program and co-construct shared metrics to measure impact and positive youth outcomes.

### 2. Coordination & Resource Development

Create a network of providers and foster coordination within the sector to increase access to expanded learning opportunities for youth from historically marginalized communities.

### 3. Advocacy and Narrative Change

Lead strategic communications to shift the narrative and public perception about the importance of expanded learning in youth development. Help systems leaders and funders to understand the needs of the expanded learning sector and what resources and policies would be most impactful.

### 4. Increase Funding & Improve Systems

Assess the true cost of high-quality programming and support providers to leverage private and public funding opportunities from school districts, city, state, and federal sources. Coordinate and lead advocacy efforts to ensure public investments and systems meet the needs of LA's youth.

### 5. Capacity Building

Support program providers, particularly community-based nonprofit organizations, to strengthen organization and program infrastructure. Lead staffing and workforce development initiatives to recruit, retain, and support a strong expanded learning workforce.

### **EXPANDLA IMPACT MEASUREMENT PLAN**

We are proud to share ExpandLA's internal impact framework—an approach that connects measures of our work and efforts to meaningful change in the expanded learning sector. This framework reinforces our belief in data-informed decision-making to evaluate and refine our organizational practices and work on behalf of the sector. By implementing this measurement plan, we ensure our strategies remain focused, adaptive, and aligned with our goals. The data we gather from the coalition is crucial—it keeps us accountable to our community and to the outcomes we strive for, while ensuring our work stays grounded in our theory of change. It is a vital tool to help keep us on target, refine our approach, and drive the meaningful impact we seek.

### **MEASURES OF EFFORT**

We know how much and how well we play our role by looking at...

## **ANCHORED IN COMMUNITY**

### **EXPANDED LEARNING AND CRISIS RESPONSE**

Expanded learning programs have long been more than just out-of-school support—they are **trusted anchors** in their communities. In times of crisis, they respond swiftly and with care, providing safety, connection, and stability. This year, as Los Angeles faced devastating wildfires and escalating ICE activity, the sector once again **mobilized** with heart and urgency.

Across LA County, providers **delivered** emergency supplies, **secured** housing, **created** safe spaces, and **offered** trauma-informed support during the wildfires. Community efforts like Together We Rebuild and The Fuerza Fund distributed critical aid, while the ExpandLA Mutual Aid Network coordinated resources and outreach across the region.

As ICE raids spread fear among immigrant families, the sector again stepped up. ExpandLA hosted sessions focused on legal rights, staff readiness, mental health strategies, and best practices for program response. Meanwhile, coalition members **organized public actions** like the July 1st "Reclaim Our Streets" rallies, and adapted programming in real time to protect and support youth and staff.

In every moment—from daily challenges to large-scale emergencies—the expanded learning sector stands ready. It continues to lead with empathy, act with urgency, and **serve as a vital lifeline** for LA's youth and families.

We know that this is only the beginning of the many things that will come, but we are ready to serve our families.

**Laura Zapata,** Director of Family and Youth Services Central City Neighborhood Partners

**From left to right:** 1) YMCA of Metropolitan Los Angeles organized supplies distribution after the fires. 2) Alliance for a Better Community at immigrant solidarity press conference. 3) Taking the Reins brings air purifiers to fire relief distribution efforts. 4) A World Fit for Kids at Reclaim Our Streets Rally.

# **SUPPORT**

### **Elevating Quality, Empowering Practitioners, Transforming Outcomes for Youth**

We strengthen the expanded learning workforce through professional learning and shared quality standards, equipping practitioners to deliver high-impact experiences that spark curiosity, ignite passion, and help every young person succeed.

ExpandLA's Q&I Task Force (top L to bottom R): Anell Tercero (The Los Angeles Trust for Children's Health), Areli Zagal Barrera (Boys & Girls Clubs of Carson), Bonnie Landry (Woodcraft Rangers), Darin Gray (USC Viterbi STEM Center), Dianne Chaves (YMCA of Metro LA), Laura Mills (A Place Called Home), Laura Zapata (Central City Neighborhood Partners), Lina Calderón-Morin (SoCal CAN), Loren Rubin (Heart of Los Angeles), Mike Levin (Harlem Lacrosse), Mónica Vega (InsideOUT Writers), Sacha van der Most van Spijk (Home Field Advantage), Stefanie Lahbil (Coalition for Engaged Education), Trent Lira (Los Angeles LGBT Center), Yukako Kawakatsu (LA STEM Collective)

### **EXPANDED LEARNING QUALITY AND IMPACT FRAMEWORK INITIATIVE**

We know that expanded learning programs play a vital role in preparing young people to thrive in school, career, and life. But until now, the sector has lacked a unified, **community-driven** framework to meaningfully measure their impact. That's why ExpandLA partnered with Fractal Strategies and 15 trailblazing organizational leaders-spanning diverse regions, program models, and organization sizes—to co-create the Quality and Impact Framework. This groundbreaking effort **uplifts the voices** and priorities of LA's youth, caregivers, providers and systems leaders to ensure programs are safe, accessible, and equitable. With the framework now in place, ExpandLA is preparing to **pilot a new measurement system**—featuring evaluation tools and a data dashboard—that will redefine how we track success and accelerate impact in the year ahead and beyond.

66

I feel great about the outcome and I think it captures the diverse perspectives and work happening in LA. It will be an effective way to measure expanded learning and I enjoy how it is a flexible model that can fit to different organizations and programs.

### PROFESSIONAL LEARNING SERIES

ExpandLA launched its Professional Learning Series to strengthen the expanded learning workforce by **increasing access** to meaningful, provider-informed development opportunities. Powered by our inaugural Professional Trainer Network (PTN), this year's series—Building Resilient Communities: Safe, Supportive, and Engaging Programs—was shaped by community needs and field feedback. Sessions on topics such as Incorporating Practices to Support Healing, Cultivating Community Partnerships, and Empowering Youth to Take Action equipped participants to **better respond to the challenges** facing youth and families. Providers have reported stronger program impact, while PTN trainers have shared how the series has supported their own professional growth and visibility. As we continue **building capacity** across LA County, ExpandLA remains committed to offering responsive and relevant learning opportunities that support high-quality, youth-centered programming.

One of the most beautiful parts has been the connections formed with others; relationships that continue well beyond training and only deepen the sense of community, support, and shared purpose in each person's mission. What I've gained through PTN hasn't just impacted me, it's influenced how I lead, how I show up for others, and how I create space for those around me to grow.

Tiffany Carvajal, PTN Trainer

6 Professional Learning opportunities to the network

12 Hours of training

### PROFESSIONAL DEVELOPMENT BOOTCAMP

By popular demand, ExpandLA **launched a new cohort** of its Professional Development Bootcamp for program staff and supervisors. Led by Dr. Anne Larson, Cal State LA kinesiology professor and founder of **AIYDA**® (Activating Intentional Youth Development Activities), the training equips youth professionals with tools to intentionally design, deliver and assess programming that fosters core social-emotional skills that foster youth thriving. Twenty diverse youth-serving organizations participated, representing sectors like sports, museums, the arts, and outdoor education. The series concluded with personalized on-site coaching from Dr. Larson to support summer and back-to-school planning. Participants will receive two Cal State LA certifications in AIYDA and AIMs (Activating Intentional Moments), joining an alumni network of 30 organizations committed to youth thriving.

# New Initiative: Expanded Learning Workforce Development

To ensure a strong, diverse, and well-prepared workforce for the future, ExpandLA launched the Expanded Learning Workforce Development Initiative—a cross-sector partnership with local colleges, youth-serving organizations, workforce development boards and other government agencies. Together, we are building a sustainable talented and well-

trained pipeline through mentorship, career pathways, and aligned policy strategies that support the next generation of expanded learning leaders. Convenings held in May and June laid a strong foundation, and we're moving forward with renewed momentum to grow an equitable, thriving workforce that reflects the communities we serve.

# CONNECT

### **Building a Movement for Youth Success in Los Angeles**

We are forming a coalition of expanded learning organizations that share a vision, embrace a common agenda, leverage resources, and align actions to achieve systems change and elevate the sector.

### YOUTH HUBS IN ACTION

ExpandLA is **developing a countywide Youth Hub model** grounded in regional leadership,
youth voice, and cross-sector collaboration.
In 2024–2025, we deepened our efforts in
Southeast LA (SELA) and the Antelope Valley
(AV), establishing Core Committees and
formalizing partnerships. The Southeast
Community Development Corporation became
the anchor organization for the SELA Youth
Hub. **Ten youth leaders**—five from SELA and
five from the AV—joined Youth Executive
Boards (YEB) and were trained in youth-adult

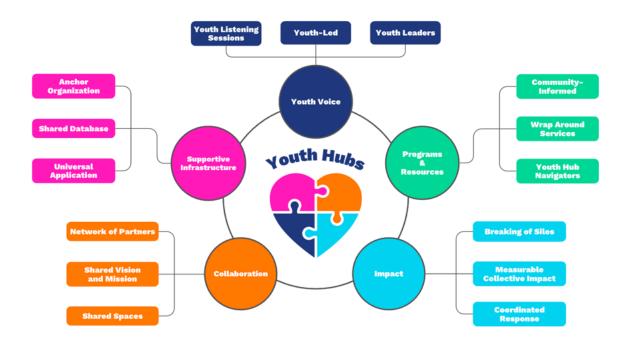

partnerships and asset mapping to help guide the work. In response to growing needs, including those amplified by wildfires, we launched new Youth Hubs two Altadena/Pasadena (DENA) and Historic South Central (SLA), bringing in new YEB members in the process. In both regions, we are building networks, engaging youth, forming key partnerships. A Place Called Home now anchors the SLA Youth Hub, partnering with ExpandLA to lead this critical initiative.

# CONNECT

### **CRISIS RESPONSE**

In response to recent crises in Los Angeles County—from devastating wildfires to rising fears of immigration raids—ExpandLA mobilized its coalition to provide immediate support and long-term coordination. Following the fires, we convened emergency meetings and partnered with on-theground groups in Altadena/Pasadena, including the Partnership for Children, Youth & Families and the Eaton Fire Collaborative, who were addressing basic needs like housing, food, and clothing. To support this work, ExpandLA secured funding to launch a Youth Hub in the region and hired a coordinator to build a foundation for ongoing youth support. Simultaneously, in light of increased ICE activity, we hosted two immigration webinars and created a resource page for providers. With expert speakers and a dedicated space for peer dialogue, our coalition came together to protect youth, share strategies, and foster resilience across communities.

### **New Initiative:**

### Formalizing the ExpandLA Coalition

ExpandLA is transitioning from a grassroots network into a formal coalition of youth-serving organizations across Los Angeles County. With a new membership process, we are establishing clear structures, shared priorities, and aligned advocacy strategies to amplify our collective voice. This next chapter will deepen collaboration, strengthen

our impact, and help ensure that every young person has access to high-quality expanded learning opportunities. Together, we can shape policy, secure lasting investment, and elevate the sector as essential to youth development and community well-being. Learn more and join us at: expandla.org/involved.html.

# **ADVOCATE**

### Catalyzing Change Through Advocacy, Data and Collective Power

We increase access to expanded learning by shaping policy, securing funding, building collective power, and driving narrative and systems change that elevates the vital role youth-serving organizations play in helping Los Angeles youth thrive.

### **OUR ADVOCACY STRATEGIES**

### STRATEGY 1: NARRATIVE CHANGE

ExpandLA is leading a narrative change initiative to elevate the visibility, value, and impact of the expanded learning sector across Los Angeles County. In partnership with a prominent social change communications firm, developed strategic messaging storytelling that center the voices of youth, families, and providers—aimed at shifting public perception, influencing policy, securing long-term investment. As part of this work, our Back to After School campaign and Lights On Afterschool celebration—including a press conference and the lighting of Los Angeles City Hall—highlighted the essential role expanded learning programs play in supporting academic success, safety, and opportunities beyond the school day. These efforts are deeply interconnected: storytelling, public engagement, and media strategy together elevate expanded learning as a vital part community's educational our infrastructure. When we shape the narrative, we shape the future of the field.

# **ADVOCATE**

### STRATEGY 2: BUILDING POWER

ExpandLA is **building power** across the expanded learning sector to **drive** systems change and **ensure** all young people have access to high-quality programs beyond the school day. Advocacy is essential to **securing** better policies, sustained investment, and recognition of expanded learning as critical to youth development and educational success. Through **collective action**—including coalition building, meetings with legislators, and coordinated letter-writing campaigns—we are ensuring that decision-makers hear directly from those who live and lead this work. We are also **equipping** the field with data and storytelling tools to make the case for investment and impact. By **uniting** providers, families, youth, and partners, ExpandLA is **mobilizing** a powerful, informed movement to **influence** policy and funding at the local, state, and federal levels—and to ensure the expanded learning sector has a seat at every table where decisions about youth are made.

### **STRATEGY 3: CREATING SUSTAINABILITY**

**ExpandLA** advancing is long-term sustainability for expanded learning through policy advocacy and youth leadership. This year, we met with five LAUSD Board Members implementation strengthen of Expanded Learning Opportunities Program (ELO-P)—discussions later echoed in public meetings recognizing ExpandLA as a key partner. We elevated youth voice by bringing Legacy LA students to the 21st Annual California Afterschool & Summer Challenge,

joining 475 advocates in 101 legislative visits. At the Capitol rally, Legacy LA's Layla Parada delivered a powerful keynote calling for sustainable funding. In partnership with CA3, our advocacy helped secure an additional \$525M for ELO-P, raising its annual investment to over \$4.5B. We also mobilized L.A. County partners to urge Congress to protect and expand 21st Century Community Learning Centers. These wins demonstrate the power of unified advocacy and the collective voice of expanded learning champions driving change for youth and families.

### **ADVOCACY BY THE NUMBERS**

**Expanded Learning Leaders** joined 5 advocacy convenings to address immigration impacts and advance policy and systems change.

**Legislative Meetings & Briefings** educated policymakers on Expanded Learning Opportunities Program and other expanded learning priorities.

24

16

**Advocacy Letters** issued by ExpandLA-some independently, others co-signed with allies-to protect and increase funding for expanded learning.

**Organizations** joined our letter urging Congress to increase 21st CCLC funding and support for the Youth Workforce Readiness Act.

63

9

**New Tools and Resources** created to strengthen advocacy efforts and help organizations amplify their voice.

**Cross-Sector Collaboratives** were joined to advance advocacy efforts, align strategies, and drive policy changes that strengthen expanded learning.

8

**Youth Leaders** trained, supported, and given platforms to elevate youth voice in local and statewide advocacy.

### **New Initiative:**

### **ExpandLA Advocacy Alliance (EXLAA)**

ExpandLA recently launched the Expanded Learning Advocacy Alliance (EXLAA)—a countywide action network focused on strengthening the collective voice of the expanded learning field and driving systems-level change. Organized and supported by ExpandLA, the Alliance unites providers, advocates, and cross-sector partners to

advance policies that increase equitable access to high-quality expanded learning programs. This year, EXLAA is prioritizing efforts to broaden ELO-P eligibility and leverage the 2028 Summer Olympics to increase investment in youth programs, infrastructure, and opportunities across Los Angeles County.

# BRINGING RESOURCES TOGETHER FOR LA

This year, we've created several impactful web pages to support our community and our shared work. These online resources aim to connect, inform, and empower the expanded learning sector across LA County. To learn more, scan the QR codes below!
